

How to stay under budget

Now that you know more about pay-TV alternatives, use this sheet to:

A

Track how much you can spend on cord-cutting substitutes while staying under budget.

B

Calculate how much money you'll save by canceling your pay-TV subscription.

1. Pre-cord-cutting cost

THE BOTTOM LINE

Add up the totals from sections 2 and 3. If that number is less than the number in section 1, subtract to see your savings. If sections 2 and 3 add up to more than section 1, you're spending more money.

Note: *These savings estimates don't reflect one-time expenses for buying new equipment.*
